

# THE TRUTH ABOUT AHMADIYYA

## SATAN WORSHIPPERS

On the 19<sup>th</sup> of January 2007, Mirza Masroor Ahmad the current leader and fifth successor to Mirza Ghulam Ahmad, regarded as the representative of God on Earth delivered his regular *"Friday Sermon"* on the topic of the *"Divine attribute of Al-Rahman (The Gracious)"*.

In this lecture he stated the following, *"...rejection of the Imam of the age (i.e. Mirza Ghulam Ahmad) in itself takes one to the satanic abyss and one who is taken in by satanic temptation cannot have any connection with the Gracious God. To follow the Satan is in effect to worship him."*

Therefore you should realise that we are all worshipping Satan because we reject Mirza Ghulam Ahmad. It does not matter if you are Muslim, Christian, Jewish, or follow any other religion. When you put your hands up to ask of God, you are asking from Satan in accordance with the Ahmadiyya belief.

- Satan Worshippers
- Astrology
- Pilgrimage
- The Plague Prophecy #1

## ASTROLOGY

To avoid confusion, this is not in reference to astronomy which is the scientific study of celestial bodies such as planets, stars, and galaxies. It is rather in reference to astrology which is typically a practice based on making decisions or giving advice based on the time of an event, such as a person's birth or observing the placement of celestial points. Mirza Ghulam Ahmad believes that *"Adam was born at the time of Asr on the 6th day. At that time the cycle of Jupiter was ending and the cycle of Saturn was about to begin. The affects of Saturn are that of cruelty and bloodshed. The angels thinking that Adam would be born under the affects of Saturn objected and said, 'Why place on (earth) one who will cause corruption and shed blood.'" (Malfoozat, Volume 1, Page 387)* Furthermore he states *"...there are two advents of Prophet Muhammad, the Muhammadi advent characterised by majesty and awe under the influence of Mars and the second advent in a mantle of beauty, under the influence of Jupiter." (Roohani Khazain, Toufah-Golravea, Volume 17, Page 254)*

These disgusting beliefs are not Islam and all Messengers of God warned against astrology. *"Say: No one in the heavens and the earth knows the unseen but Allah..." (The Holy Qur'an, Surah An-Naml (27) Ayah 65)*

## THE PILGRIMAGE

It is reported through Hazrat Abu Huraryah (RA) that the Messenger of Allah (SAW) said *"An umrah is an expiation for the sins committed between it and the next, and hajj which is accepted will receive no other reward than Paradise."* (Sahih Muslim, Book 7, Number 3127) Mirza Ghulam Ahmad however claims there is more reward for visiting his place of birth as he says *"...People go for usual (compulsory) and nafl (optional) hajj, but here (in Qadian) there is more reward than nafl (optional) hajj."* (Roohani Khazain, A'ina Kamalat Islam, Volume 5, Page 352)

## THE PLAGUE PROPHECY #1

The issue of the plague and Mirza Ghulam Ahmad is one which displays the egotistical nature of man as well the cunning psyche of an opportunist con man. Myron J. Echenberg writes *"...Between plague's arrival in 1896 and 1921, an estimated twelve million Indians lost their lives, compared with three million in the rest of the world combined."* (Plague Ports, Page 51)

Mirza Ghulam Ahmad tried to take advantage of this catastrophe by claiming, *"...Since the Punjab is closest to the residence of the Promised Messiah, and the Punjabis are the first to be addressed by him that is why the Punjab has been the first to suffer from this epidemic."* (The Essence of Islam, Volume 5, Page 104)

This is a complete lie as the plague first broke out in Hong Kong in 1894 and even if he is referring solely to India, then the plague first broke out in the port city of Bombay in September 1896, not the Punjab district.

Echenberg verifies this stating that *"bubonic plague found it easy to make its way from Canton to Hong Kong in 1894... The city of Bombay... was next to be visited by bubonic plague."* (Plague Ports, Page 15) Mirza Ghulam Ahmad himself appreciates this stating *"I have heard that when the plague broke out in Bombay..."* (Essence of Islam, Vol. 5, Page 92)

The initial impact of the epidemic was limited to port cities, particularly Bombay, but later also Pune, Calcutta and Karachi. Mirza Ghulam Ahmad deceived illiterate villagers by stating Punjab was struck with the plague first as evidence of his claim. The Holy Qur'an says *"And it is not attributable to a prophet that he should act dishonestly..."* (3:161)

## HADITH OF THE MONTH

The Holy Prophet Muhammad (SAW) said, *"Prophethood will not continue after me, except the harbingers of good news". They asked "What are the harbingers of good news, O Apostle of Allah?" He replied: "Virtuous and pious dreams a Muslim sees or are shown to him".* (Musnad of Imam Ahmad Ibn Hanbal, Hadith 25021)
